

Product information:

The CLA712 is fitted with two 3-pin XLR males and a 3.5mm jack male stereo connector, constructed using the SIG144 cable. The easy to handle PVC jacket is excellent for fixed indoor and mobile applications. The inner conductors are fitted with a durable shielding. This gives an excellent protection against interference of all kinds such as electromagnetic fields produced by dimmers, electric motors or power cables. The SIG series cables are "all-round" signal cables which are suited for all kinds of applications where reliable signal transmission is needed. It comes in lengths of 1.5 meters to 3 meters, providing solutions for all applications.

Highlights:

- 28 AWG thin and dense stranded conductors
- Flexible PVC jacket
- Spiral shielding
- 4.0 mm (Ø) outer diameter
- Oxygen free copper

Components:

- CableType: SIG144 - Signal Cable
